## Compact Canopy wins at SPOGA Outdoor & Gardening Show

Australian designers and first time international exhibitors, Compact Canopy, were recently named in the Top 10 New Innovations at the SPOGA Outdoor and Gardening show in Germany.

A major coup for Australian design and its designers, the award highlights the unique benefits and true innovation of the Compact Canopy.

Scott Brasher of Compact Canopy comments:

"We were very excited to receive the award- especially as first time exhibitors. We had a huge reaction to the Compact Canopies launch whilst in SPOGA with many new orders and customers interested to order or find out more. The award certainly reinforces our hard work and efforts to bring this product to the market place."

The patent pending Compact Canopy is a unique Australian innovation that offers a simple solution to outdoor sheltering needs.

Fitting easily into any standard car boot/trunk, the Compact Canopy features a carry case with wheels for easy manoeuvrability and is manufactured to the highest quality standards.

Kathee Gunn OR Elie Klimowitsky at 360 Degrees Focus Tel: + 61 3 9509 0800, Fax: 03 9509 0860, Email: [Kathee@360focus.com.au](mailto:Kathee@360focus.com.au) / [elie@360focus.com.au](mailto:elie@360focus.com.au)

Simply unload the Compact Canopy, follow the simple instructions using its unique telescopic fold-up/ fold-down design and you have an instant 3 x 3m, highly durable canopy shelter. Unlike any other, the Compact Canopy maintains its structural integrity through its fully supported, quality internal frame.

Manufactured to the highest standards, the Compact Canopy is a lightweight model that features UV treatment, 100% waterproof capabilities and fire retardant.
